

LONGHORN PETROLEUM TRANSFER HOSE

Recommended for transfer of refined fuels (commercial gasoline, diesel, and bio-diesel fuel), oils, and other petroleum products. Ideal for oil field service truck use. Transfer hoses are designed for intermittent contact with refined fuels and must be drained after use.

SUPER-VAC PETROLEUM TRANSFER HOSE

Recommended for tank truck service, including oil field vacuum truck. Ideal for handling crude oil, salt and fresh water, tank bottoms, drilling mud, dilute solutions of hydrochloric acids, diesel fuels, and sewage transfer.

BARRACUDA WATER HOSE

Recommended for medium to light duty water suction/discharge for agricultural, construction and industrial applications. EPDM tube designed to handle a variety of liquids including Lasso™, Lasso II™, and Freedom™. Great for sanitation lines in marine applications.

SOLD IN 100' BULK ROLLS
